

Metaplex™ Warranty System Program Overview

Interpon Powder Coatings is committed to partnering with our customers for success.

The **Interpon Metaplex™** system offers a cost effective finish solution to a range of appropriately prepared metal substrates such as Mild Steel, Hot Dip Galvanizing, Galvanised Tube, Hot & Cold Rolled Steel, Stainless Steel and Aluminium components (excluding architectural extrusions) for Residential¹, General Trade¹ and Mobile Equipment² applications.

As an Interpon Metaplex™ Accredited Applicator we can offer our partners:

- ▶ 10 years color and film integrity warranty*³
- ▶ product support
- ▶ enhanced product performance with our class leading **Interpon D1000** products
- ▶ technical and application support
- ▶ quality program implementation

1. **Interpon D1000** is limited to Residential applications in accordance with Volume 2 (pertains primarily to Class 1 and 10 buildings) of the Building Code of Australia.
2. Mobile is defined by components such as mobile equipment automotive, truck, trailer chassis and components
3. Excluding aluminium window extrusions and constituent components

Metaplex™ color and film integrity warranty has been developed to ensure long lasting color and film integrity performance utilising the suite of **Interpon D1000/**D1010 Premium** polyester powder products.

Application requirements: ▶ Pre treatment as per AS4506-2005 ▶ D1000/**D1010 Premium

Projects which are less than 100 metres from any saltwater or surf line are not covered within the **Metaplex™** warranty system.

Applicator Requirements

Interpon Powder Coatings, through your representative, will conduct an initial **Interpon Metaplex™** audit to verify quality systems are in place and test results achieved meet the requirements of AS4506-2005 and **Interpon** Powder Coatings. Following the initial audit, a follow up audit will take place at the 6 month period followed by annual audits thereafter utilising the **Interpon Metaplex™** audit checklist.

Becoming a Metaplex™ Accredited Applicator

An applicator is awarded **Interpon Metaplex™** status once the requirements of the **Interpon Steelplex™/Metaplex™** Accredited Applicator manual and AS4506-2005 have been met and a **Metaplex™** Applicator Agreement is entered into by both parties. This achievement is recognised by awarding an **Interpon Metaplex™** Accredited Applicator certificate. This authorises the applicator to exclusively offer the **Metaplex™** 10 Year color and film integrity warranty within the environmental category to which they are compliant.

EVERY COLOR IS GREEN

10 Year Color and Film Integrity Warranty

Inclusion in the **Interpon Metaplex™** program will allow the applicator to offer a 10 year color and film integrity* warranty with confidence. This warranty is applicable to the entire **Interpon D1000** range which includes both Interpon D1000, **D1010 Premium.

Interpon Metaplex™ warranty cards are available to **Interpon Metaplex™** Accredited Applicator which can be provided to the project owner without referral of the project details back to **Interpon Powder Coatings**.

As part of the Program you will be supported by Australasia's leading powder coatings specialists. Manufactured in Australia, our products are specifically formulated for the Australian and New Zealand environments featuring high UV and color fade resistance, and high resistance to mechanical damage.

TGIC and lead free the **Interpon D** product range offers unsurpassed application properties with excellent flow and appearance. Also featuring the **Excel™** range which offers the added features of tolerance to micro-porosity found in HDG steel and alloy castings and hence is ideally suited for application to these substrates.

For more information please contact your **Interpon** Customer Care Team.

* Conditions apply to warranty.

**D1010 Premium Products are available in New Zealand Only.
